Brushes	23-25
Brush Plate Assys.	25-26
Drives (use **Foreign Drive & Solenoid** catalog)	1
Solenoids (use **Foreign Drive & Solenoid** catalog)	1
Solenoid Caps	26-28
Bushings	28-31
Shift Levers	31-32
Miscellaneous Starter Parts	32
Small Parts - Starters	33

A note from the management

AIM would like to take this opportunity to thank our many valued customers for your assistance and support, which has helped us to provide you with the most complete foreign electrical coverage in the industry.

While over **500** illustrations and photographs appear in this catalog, this only represents a small portion of the total inventory that we carry. We intentionally did not include **Drives, Solenoids, and Regulators** because of the complete coverage given them in the catalogs listed below. These catalogs are available at your request.

AIM is constantly striving to provide the foreign parts you need. New parts will be released to the market **only** after they have met or exceeded our high standards of quality. Our research department welcomes any questions or input regarding our cataloging or products since our goal is to provide you with not only **quality** parts but the **correct** ones.

So be sure to call AIM for all of your electrical needs.

OTHER CATALOGS NOW AVAILABLE:
