

“I Shot...”

The sheriff? No. “I shot Joe Davis,” and “I shot Dick Vensel,” with videotape, as the vests proclaim (lower right).

Our hats are off to the four men who have made the first in a series of training DVDs a reality. It has taken an inordinate amount of volunteer time to make information readily available on soldering, and starters, alternators, and generators.

Therefore, our distinguished “atta boy” award is given to Richard Vensel, Wes Grueninger, Bob Thomas and Joe Davis.

We literally *cannot* thank you enough. Polly
