29th Annual Buyer's Guide
SOURCES 2012
The Who's Who of Electrical Rebuilding

For many years now, electrical rebuilding has been a game of survival. We are again providing you a list of some of those survivors—**199** of them—26 more than last year!

It's always satisfying to produce the annual buyer's guide for the rebuilder. We sure hope you will use it, and that you will spread your business around.

With our respect and admiration,

The Electrical Rebuilder's Exchange

Equipment: Fast and effective, high performance ultrasonic cleaning equipment designed for electrical rebuilders, manufacturers, starter/alternator shops, a/c rebuilders, for precision-clean parts. This equipment will save you time/money. Solvent-free, non-hazardous cleaning equipment removes debris and difficult grime from blind holes and crevices in just minutes. Jet washers, bead blasters, and other conventional cleaning methods don't compare to this state-of-the-art equipment. All stainless steel construction, it's fully automatic (hands-free) cleaning at its best.
